LETTER OF INTRODUCTION

Write a letter to your teacher introducing yourself. In this letter, you may tell her about yourself, your family, where you live and anything else that will tell her more about YOU. You might want to share what you are interested in. If you play sports or are in band would be a great thing to include. Do you have pets? Hobbies? Try to make it interesting with the words you use.

This letter should be at least $\frac{1}{2}$ page but can be longer.
